CARPENTER JOINER

earn from **£19,000** to **£55,000**
in Cornwall and the Isles of Scilly

What role do Carpenter Joiners play in the Construction & Built Environment Industry?

Carpenter Joiners use their woodworking skills and knowledge of wood types to construct, assemble and repair structures like roofs, windows and doors, staircases and furniture. They can work in private homes, commercial buildings, workshops or construction sites. Sustainable development goals are also driving demand for skilled carpenters to construct timber-framed buildings in Cornwall. **Find out more here:**

- You'll need basic **MATHS** to measure and calculate dimensions, angles and quantities
- **INTERPRETING** project drawings and plans is a must
- Carpenters love **VISUALISING** solutions; figuring out how pieces could fit together in a space

Get started with a college course, an apprenticeship or by applying directly to an employer

Experienced carpenters can progress to Management, leading a team on site or from the office!

Once you have learned good carpentry skills, you could even branch out into boat building, set design or heritage and restoration work.
